The Ontario Department of Agriculture and Food Publications List is divided into two sections.

The first section lists numbered and unnumbered publications divided according to subject matter. Unnumbered publications include Soil Surveys and Maps, Reports and Miscellaneous Publications.

The second section of the Publications List contains the Factsheet Program introduced this year. Factsheets are also listed by subject matter according to the Agdex system for classifying, indexing, and filing agriculture publications.

FACTSHEETS

Factsheets may be ordered on the same basis as other Department publications; that is, one copy of up to 10 separate publications free.

Factsheets are also available in the Agricultural Handbook Binder for \$10. The Handbook contains ALL Factsheets printed to date of order and an Agdex reference file index. The names of those purchasing the Handbook will be placed on a mailing list to receive ALL new and revised Factsheets as they are printed. The Department reserves the right to initiate an annual subscription fee in the future.

Factsheets must be ordered by TITLE. The Agdex number is the filing number in the Agdex system of classifying, indexing and filing of agricultural publications. It is not an order number.

The date following the title of each Factsheet indicates the date of printing. It will change as Factsheets of the same title are revised.
